

# A VISION FOR THE FUTURE OF MISSIONS

## THE VISION FUND SUPPORTS

For more than 135 years, WMU has been a beacon of hope and faith, fostering a spirit of prayer and systematic giving for missions. Born from the hearts of visionary leaders, WMU has galvanized Southern Baptist churches to contribute more than \$7.5 billion through offerings dedicated to supporting missionaries. This legacy of generosity and commitment has empowered countless missions efforts and ministries worldwide.

Today WMU remains steadfast in its mission, continuing to champion prayer, giving, and active participation in missions. Its focus extends beyond merely raising funds; it is dedicated to making disciples of Jesus who live with a missional purpose. Through the Vision Fund, the future of this mission is proclaimed as paramount, ensuring that efforts to spread the gospel and support missions will endure.

The Vision Fund underpins WMU's comprehensive approach to missions, encompassing missions discipleship, compassion ministries, and leadership development. These initiatives equip, empower, and enable the next generation to fulfill God's plan, and the impact resonates for years to come.

The WMU Foundation is honored to partner with WMU in its work to provide all peoples of the earth the opportunity to hear and respond to the gospel. This is accomplished in part by financial giving through the Vision Fund. When you give to this important fund, 100 percent of your donation supports the overall ministry of WMU, helping increase kingdom impact across every state and in approximately 50 countries.

Join us as a member of the Sustainer Circle by becoming a monthly giver to the Vision Fund and contributing directly to sustaining and expanding the ministry of WMU. Your giving goes above and beyond regular tithes and offerings, representing a dedicated commitment to advancing the mission of spreading the gospel and supporting those who serve on the missions field.

Giving to the Vision Fund is straightforward and impactful, and your generosity today will plant the seeds for a fruitful harvest tomorrow.
